Our Partnership Philosophy
When it comes to our customers, our philosophy is simple...we are the manufacturing extension of your organization. We believe in strong partnerships built through mutual cooperation, open communication and trust.

As your partner we offer:

Supply Chain Management
• Flexibility to respond immediately to changes in customer demand
• Efficient supplier collaboration to create value for customers, while increasing the profitability of all links in the chain

Facilities
• 47,000 sq.ft. clean air manufacturing facility
• Ample floor space to accommodate large quantities of product

Skilled Personnel
• Diversity and depth of personnel guarantees the highest standards of precision engineering and manufacturing.
• Upfront consultation to help you make the right decisions before investing in the product.
• Continuous design enhancement
• Carson employees are trained to IPC-610 and Advanced Manufacturing (LEAN)

Reliability
• Our products are Tough to the Core!
• From components to assembly to total product production, Carson is recognized as a leader in cost-effective, reliable workmanship

Becoming A Partner
Please contact us to discuss how we can help turn your ideas into products, and your existing products into inventory.

Making Good Products Better
Carson Manufacturing was started in 1946 and is solely owned and operated by the Carson family as a Woman-owned Business Enterprise (WBE Certified).

For over 60 years, Carson has built its reputation on designing, engineering, and manufacturing rugged, reliable mechanical and electronic components and products for the emergency vehicle, HVAC, and government industries.

We instill this same reputation for excellence in all of our contract manufacturing services. Some of the most respected companies throughout the world have relied on Carson to get the job done right, on time, and at a competitive price.

Helping organizations design and build quality products is what we do.

Services and Solutions
Carson Manufacturing offers a wide range of services and solutions for low and medium volume, high mix, domestic and international.

Printed Circuit Board Assembly
- SMT (Surface Mount Technology)
- Thru-Hole
- Mixed Technology
- Functional Prototyping

Mechanical Assembly & Box Builds
- Panel Assembly
- Riveting
- Subassemblies
- Final Assembly
- Turnkey Assembly
- Testing
- Potting

Wire Harness & Cable Assembly
- Wire & Tubing Prep
- Automated Terminations

Design Engineering Services
- PCB Design
- Mechanical Design
- Design for MFG
- CAD Drawing

Supply Chain Management
Carson maintains a lean supply chain management solution that focuses on cost reduction, revenue growth and asset utilization. We view the supply chain from end-to-end, coordinating activities at each link involved in managing the flow of products, services and information from our suppliers to our customers.

We offer programs ranging from simple just-in-time to complete direct-to-consumer. Programs can be added, modified or combined on the fly to meet customer demand.
- JIT
- MRP
- Consignment
- KAN-BAN

Logistics
Carson Manufacturing offers logistic services to help reduce customer costs.
- Stocking Programs
- Warehousing
- Custom Packaging
- Distribution
- Staging

Quality
Rigorous quality control standards govern the assembly of each product that leaves the manufacturing facility. We practice LEAN manufacturing to reduce waste and increase efficiencies while instilling a culture of constant improvement.
- LEAN Practices
- UL
- CSA
